

REMARKS:

The applicant selects the Group I for examination.

The applicant considers that the Group III (claim 10) is the method of producing the compound of the Group I. The Groups V and VI (claims 12, 13, 14 and 15) are the application of the Group I. Therefore, the Groups III, V and VI have unity with the Group I, they should be considered for rejoinder after the Group I is allowable.

Respectfully submitted,
